The building has been sold, so our future, after 23 years, is uncertain.

This little book is particularly for my friends and fellow bookbinders—Don Taylor, Kate Murdoch, Laura Rafferty and Lee Rose. I took the images April 24, 2015 on my Samsung Note 3 and printed them with my Epson 2880 on rag paper with archival inks.

176 John Street, Studio 511 (just north of Queen, same building as Urbane Cyclist, top floor, down the hall)
